In Honor of

Terri
Kersey

Stroke survivors have a long road of recovery ahead of them. Daily activities are forever changed and they must learn to adapt in order to overcome these challenges.

Hemiparesis: one of the challenges a person may have due to neurological damage causing paralysis of one side of the body

Can you imagine what baking would be like with only one arm able to assist? What if it is not your dominant arm?

This virtual bake-off is a unique experience where you will be challenged physically and given a small taste of what it is like for daily activities to be altered.

SERVICE EVENT: LITTLE SISTERS OF THE POOR

Consider participating in our first service event of the semester!

Create some Halloween cards for the residents of Little Sisters of the Poor! It is a great opportunity to spread some happiness during these trying times.

I will be sitting outside of the Health Sciences Building Thursday, October 22nd from 11-1 to collect cards! I can receive virtual cards any time until that night.

Cards can be handmade or virtual!
One card is .5 points & two cards is 1 point

They want 65 cards made (one for every resident) so consider making two!

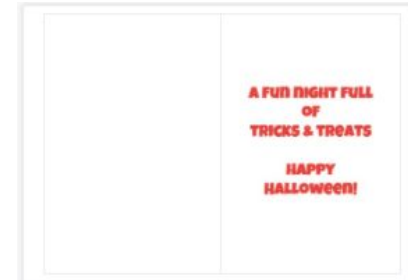

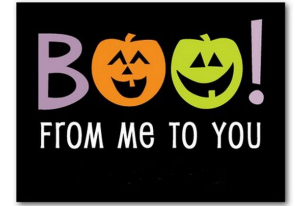

Email virtual cards to me at starkog@mail.uc.edu
